PRASHANT RAJPUROHIT

WEB DEVELOPER

My self Prashant Rajpurohit and I am a **frontEnd** developer with expertise in the tech stack like JavaScript,React.js, Redux,TailWind css and have a strong passion for creating dynamic and engaging web applications.And i have good grip in building websites with Reactjs , I have a consistent track record of delivering high-quality work and I am always eager to learn new technologies and skills.

EDUCATION

SCD GOVT. COLLEGE ,LUDHIANA
2020 – 2023 Bachelor's in Computer Application

B.V.M SR. SEC. SCHOOL,LUDHIANA
2018-2020   11th AND 12th (NON MEDICAL)

PROJECTS

2023-FEB   YOUTUBE   SEE LIVE

In this i have used the real data from youtube videos API, built a well optimised search bar with debouncing and caching the already fetched calls.there are two more interesting feature first is **n**-level nested comments which even original youtube dont have second is **LIVE CHAT** (API Polling).

2023-JAN BATTERY-WALA   SEE LIVE

This project was basically a freelance project it was made as per the client's need and was made in react

2022-DEC WEATHER-APP   SEE LIVE

It is an application to Know the weather of a specific city or location.In this Web-app, I have used the Open Source API and this project is made in Vanilla Javascript.
